

June 2021

We will remember this May as the month the Onrus River flooded again. Fortunately we didn't lose any bridges this time. We haven't been able to get to the Waterfall to see what, if any changes, has come about at the Waterfall pool. Andries and the tractor have had to work overtime to repair the roads on Volmoed due to wash away. Boekenhout Down will be needing some extra attention as the water came into it leaving us with a very sodden carpet.

Walking along the Pipe Track we were able to see and photograph the gushing Waterfall. The Mountain Bike Routes have been closed due to areas of wash away—one place being on the Pipe Track.

A big thank you to Duncan our neighbour at Camphill who allowed Blazio to get to the cows through their property as the bridge was covered and the water flowing so strong from him to cross.

PRIORY NEWS

Brother Roger took these picture of the Waterfall and river on one of his walks along the pipe track.

Prayer requests:

Please pray for Tariro during her leave as she travels to Zimbabwe to see her family.

The continued safety of our Volmoed Family and friends.

Esther
